Cartel has been sealed inside a huge transparent bubble on Hudson River Park's Pier 54 in New York City since May 24 so that every move they make is live for the world to see as they eat, breathe, sleep and record the follow-up to their breakthrough debut album, CHROMA. Web cameras are streaming live content on [www.drpepperbubble.com](http://www.drpepperbubble.com) and the event is scheduled to air as a music special with four 30-minute episodes on MTV, culminating in a live concert on June 12.
