

Love Your Laptop. Love Your Bag!

## Mina

The Mina bag is a departure from the "man bag" that everyone carries. Although slim and light, there is enough room for your laptop, files, folders and other accessories.

Featuring a unique quilted design with iridescent sequin accents, Mina is the perfect alternative to the typical black nylon bag.

Durable, water repellant nylon with a unique quilted sequin pattern.

Matching detachable shoulder strap with non-slip ComfortGel™ shoulder pad.

DuraFlex™ padded computer compartment fits laptops up to 17" screens.

Inside pockets for your wallet, cell phone, pens, cosmetics, keys, etc.

Large easy access exterior pocket for files, folders, magazines, etc.

All bags are designed to last and are backed by a limited lifetime warranty.
