Pilgrim Home & Hearth

With headquarters in Benicia, CA and manufacturing facilities in the U.S. and overseas, Pilgrim has been at the center of the American hearth for over 50 years. Today, Pilgrim is still viewed as the leading producer of quality, authentic hand crafted hearth accessories. Pilgrim markets its products to a wide range of consumers through regional distributors and over 750 specialty retailers across North America.

Pilgrim manufactures fireplace accessories for both the Indoor and Outdoor product categories and is also the country's largest supplier of custom size fireplace screens. All custom screens are made individually by hand, right here in the U.S at our Benicia, CA facility. From forty inches to 14 feet no request is too large for Pilgrim's popular custom fireplace screen program.

Our customers can choose from full a line-up of products ranging from tools sets, fire screens, wood holders and grates, all offered in a wide range of styles and finishes. These quality products are marketed under the brand names of Pilgrim[®], Smithsonian[®], and Napa Forge[®]. Our broad selection of robust, hand forged steel products is appreciated by those who yearn for the virtues of quality craftsmanship and lasting materials. For more information please visit www.pilgrimhearth.com

Request for product images and or personal interviews are invited and welcomed.
